

Hi Bobby,

We are less than one week from MozRetreat in Anstruther, Fife, Scotland.

This sheet is your personalised guide to the week- everything you need to know about your accommodation and schedule for the 3 days. I would recommend printing a copy of this sheet for your records.

Evening events

We are viewing the night time activities as an extension of the days work, but at a more relaxing pace allowing the beautiful location (and whiskey) to keep the conversations going.

Tuesday from 18:45

We are very lucky to be invited to visit Toby Anstruthers beautiful house where we will have a whiskey tasting in the garden. We will walk 15 minutes to the Barn where we will have a BBQ and meet local Guitar Maker Rory Dowling. I will have some local ale available for us to sample.

Wednesday night from 18:30

Jon Rogers is great friends with a local musical legend King Creosote, who will be playing for us at Dreel Hall. Most folks will eat the world famous and award winning local Fish and Chips while sitting on the harbour wall before returning to Dreel Hall for a night of music with the locals.

Thursday night from 17:00 - Local community event.

We will be running a local community event, where you will be giving a 10 minute talk to local community members, with Jon Rogers and Gary Penn. We will run a Mozilla learning class after a small science fair. The rest of the evening is yours.

Friday Night

Dinner in the local restaurant, [The Cellar](#) with 8 other folks, including Ethan, Jon Roger, Toby Anstruther, and other MoFos left.

Travel details back to the airport

You are leaving via a shuttle bus on **Saturday morning at 10:30 from your Dreel Hall to the Murrayfield hotel** in Edinburgh where you can spend the day exploring.

Your flight leaves at 08:00 on the Sunday so I would recommend a taxi pick up from the hotel. The journey is only 20 mins by car.

Local tips

[Local Weather](#): Pack lots of layers, while it is July in Scotland it can be cold and with frequent showers so be prepared.

Wifi and reception is not great in this area- if you are buying a local sim you are recommended to buy a 3 network sim.
